

November 13, 2007

A seminar with Positive Impact is like a breath of fresh air! The energy and enthusiasm of MJ Paris is contagious and inspiring. Forget everything you know about sitting through yet another boring work presentation- this experience is truly and refreshingly different.

The wealth of experience that MJ brings to the table is second to none. Yet she is warm and down to earth. She knows how to connect with her audience, sharing experiences and encouraging thought provoking conversation.

A participant in a Positive Impact seminar comes away with the skills to grow into a more effective leader and has the commitment to enhance the team with a positive workplace and ultimately grow the business- a win/ win situation all the way around!

A handwritten signature in blue ink, reading "Mary Ellen Samatulski". The signature is fluid and cursive, with a long horizontal stroke at the end.

Mary Ellen Samatulski
Assistant Vice President
Commerce Bank
